BINGO TIMES 10 Top Prize: \$150,000 Game #876 Ticket Price: \$5.00 Start date: 5/18/09 End date: 4/26/10 Last prize date: 4/26/11 Here's how to play This is a three-part vertically oriented game. The first part is the caller card, which contains thirty-two (32) draws bingo numbers and five (5) BONUS NUMBERS covered by opaque material to delete. The second part consists of eight (8) Bingo cards, each containing twenty-four (24) numbers plus free space on a 5 X 5 grid covered with a transparent bounce. Players win by matching the numbers of eight (8) bingo cards with the caller card numbers. If they find a diagonal, vertical or horizontal straight line, four corners of the grid or X, they win a prize according to the legend of the respective gaming grid. The third part consists of the BONUS BOX MULTIPLIER. The player will scratch the BONUS field to display 1X, 2X, 3X, 4X, 5X, 8X or 10X, and multiply the total winnings earned by the displayed amount. The eight (8) bingo cards will be printed in two (2) different colors on the display. After the variable picture, a transparent crossed-out material will be placed to erase the pelvis after the variable image, which clearly allows the image to be displayed. The tint will create another color change on each of the cards. When any of the digits are scratched, the transparent colored material will be removed, revealing the previous color of the display.
